My name is Tina Friesen, and I am the Low German Mennonite Consultant for Horizon School Division. I work together with the Horizon schools and the Low German Mennonite families within the division.

I was born in Mexico and my first language is Low German. I started school in a Mexican colony. In Canada, I graduated from high school and then received a Diploma in Intercultural Ministries from what is now known as Ambrose University.

I am here to help your family find your way through school. Each family is unique; I can help you find the right school for your family needs. Together we can build a better future for your children.

If you have any questions related to school, you can always call your school and ask. If you feel uncomfortable speaking English, you can speak with me using WhatsApp and I will help you.
